Montvale, New Jersey – AUGUST 2015 – Taiki Group, a premier global leader of skincare and make-up beauty tools, containers and products is proud to be an **Exhibitor at MakeUp in New York, Make Up Event**.

“This is the first time we will be Exhibitors at MakeUp in New York. We have always enjoyed the event and feel it is the perfect fit for Taiki to demonstrate the importance of application in increasing our customer’s sales,” says Jim Perry, President/CEO.

Taiki focuses on make up products and the recommended application tool to achieve the best results. “We are excited to highlight new products like Tafre+, a 100% animal free fibre that is now antimicrobial and Flex Appli, a uniquely designed application with a 3D head shape,” says Perry.

Taiki’s booth is located at Booth 121 at MakeUp in New York, September 9th & 10th at the Penn Plaza Pavilion. “This venue gives us a great opportunity to showcase our products and show the best beauty tools for a specific application. Come see us and we will show you why application matters,” adds Perry
