

# DUO SPONGE

Taiki's patented dual-layer sponge  
for high-performance application

## KEY BENEFITS

- Dual layer design (exclusive Celfine sponge thinly sliced and laminated to NBR core) eliminates product absorption
- Soft top layer provides luxurious, flawless application
- Anti-bacterial treatment makes application cleaner and safer than fingers
- Proven superior performance for BB & CC creams
- High value, premium performance at a lower cost

## SPONGE COMPARISON

Unlike traditional sponges that absorb product and breed bacteria, the Taiki Duo Sponge resists absorption and applies smoothly time after time.
