

HYDROGEL MASKS

Get better results with hydrogel
mask technology

KEY BENEFITS

- Cool and refreshing on the skin
- Higher efficacy, increased adhesion and higher occlusion over traditional sheet masks
- Made from a clear gel with a nearly-impenetrable barrier level
- Hydrogel masks reduce evaporation and lock in the moisture

NEXT GENERATION HYDROGEL

- Fully saturated gel format
- High moisture content
- Perfect for targeted patch treatments
- Strong adhesion and occlusion for increased ingredient absorption
- Limited ability to add active ingredients when compared to non-woven
